

Insects Quiz for Children: Trivia Questions and Answers

1. With which insect is man crossed in famous Marvel comics, movies, and cartoons?

- Butterfly
- Spider
- A fly

2. Which insect weaves a web and hunts flies?

- Spider
- Butterfly
- Ant.

3. Which insect is born from a caterpillar and likes to flutter over flowers?

- A fly
- Dragonfly
- Butterfly
- A bee

4. What insect walks on water?

- A mosquito
- Water lizard
- Spider

5. Why does the mosquito squeak?

- What we perceive as a squeak is the sound his little wings make when he flaps them.
- Because that's how he talks to other mosquitoes.
- Because he's afraid of us, but we're delicious and he worries.

6. What insect looks something like a fly swatter? Only instead of white spots on its back, we see black ones.

- Spider
- Cockroach

- Caterpillar
- Ladybug

7. Why is an ant stronger than an elephant?

- Because it can lift an object that an elephant can't lift because it can't see it.
- Because the ant lifts a weight that is greater relative to its weight than the weight the elephant lifts relative to its weight.

8. What kind of insect can bite?

- Cockroach
- Butterfly
- Wasp

9. What mustachioed insect scares everyone in Korney Chukovsky's fairy tale?

- Spider
- Dragonfly
- Cockroach
- Butterfly

- A bee

- Dragonfly
- Wasp

13. What is the name of the beetle that grabbed the girl and put her on the tree in Andersen's fairy tale Thumbelina?

- The May beetle
- June beetle
- Fire beetle
- Colorado beetle

14. Why doesn't a fly fall from the ceiling?

- Because that's how its feet are made (they have little claws on them).
- Because it constantly sticks to a dirty surface.
- Because it releases sticky cobwebs from its trunk.

15. Which insects are human helpers?

- A bee and a spider
- A butterfly and a fly
- A dragonfly and a butterfly

16. Which insects develop larvae in water?

- Bees
- Ants
